

CLASSICAL HOMESCHOOL REVIEW

The Benefits of Classical Education

Classical Education is based on the trivium, which is a three step process of learning. Classical Christian Education combines Classical learning with the Christian World view. It exposes the student to the history, art, and culture of Western Civilization including language, philosophy and literature, but brings it into focus with an awesome understanding of the overarching providence of God in all areas of study.

Learn to Set Priorities

Have you heard the saying, "The key is not to prioritize what is on your schedule, but to schedule your priorities." If we don't plan, set goals and decide what is important to us in life, we end up spending our days meandering, wondering what it was we wanted to accomplish.

What is it you want to accomplish? What does the Lord have for you in your days? One of the best ways to determine what is most important in your daily life is by committing your plans to the Lord. Ask him to lead and guide you as you set your priorities.

If we are honest, we will admit that often times homeschooling takes priority in our lives. Our kids education is on our shoulders and we want to do an excellent job, but should our kids...

Shurley English

This innovative Grammar program has enabled me to teach my children with ease.

Shurley English is an innovative grammar program that is well suited to the homeschool environment. It utilizes the classical approach by encouraging the child to do a lot of memory work in the early years, so when they begin writing in the logic and rhetoric stage they are well equipped with the building blocks of grammar which enables them to write well.

The homeschool kit includes a Teacher's Manual, a Student Workbook and a Memory CD. The **Teacher's Manual** begins with a planning box, which contains lesson objectives. Each lesson is scripted. You are provide with the exact words for the Question & Answer Flows, questioning strategies, and the teaching techniques. The Question & Answer Flow is particularly helpful to the homeschool mother who wants an easy way to teach the often elusive concept of grammar to her child. The Teacher's Manual is set up in chapters. There are five lessons in each chapter, and each chapter can be completed in one week...
